

connect 2013

Registration is now open

Apple Connect 2013 - April 15th to 18th

REGISTER NOW!

Apple Connect 2013 is a four-day technical training camp designed for Information Technology Specialists looking to learn, test, challenge and discuss the very latest information on iOS and OS X deployment and integration.

What You Will Learn

If you or your colleagues missed our fall Apple Connect Regional events, this core content on iOS and Mac OS X will be augmented with hands-on labs, free Mac OS certification exam evenings and 3rd party learning sessions.

Who Should Attend

The content is aimed at meeting the needs of IT staff from Enterprise, Business and Education, as well as members of our consulting and reseller community.

What to expect

These four days of training sessions will feature real life implementations, troubleshooting, and best practices with hands-on delivered by Apple senior engineers, top Apple consultants and Apple curriculum authors. Of course, as a registered attendee, you'll be entitled to write Apple Certification exams onsite.
